THIS IS UNEVALUATED INFORMATION

25X1

Moravostav, National Enterprise, Prerov

1. [redacted] 25X1
 [redacted] Moravostav was a national enterprise engaged exclusively in the construction of military installations. Its executives were army officers, and it employed some army personnel, as well as civilian architects and clerks. 25X1
2. [redacted] Moravostav office building [redacted] 25X1
 [redacted] some high-ranking army officers. Approximately five were field-grade and about three were company-grade. 25X1
 [redacted] over a hundred people were employed in this office. 25X1
3. Members of PTP units, who were under the supervision of civilian foreman, did the manual labor on Moravostav projects. [redacted] 25X1
 [redacted] 25X1

Alleged Explosives Factory in Slavcin-Mladetice

4. [redacted] 25X1
 [redacted] the Slavcin-Mladetice Detona factory 25X1
 [redacted] about six 25X1
 large buses [redacted] bringing in workers. Each 25X1
 bus carried an estimated 70 passengers. [redacted] 25X1
 [redacted] it was common knowledge that 25X1
 explosives, [redacted] were manufactured at the plant. 25X1
 [redacted] (See page 3 for a 25X1
 sketch of this area.) 25X1

6. [redacted] personnel at the Uhersky Bred railroad station who might possibly have belonged to an interior guard unit (VS - Vnitřní stráž) guarding the alleged factory.

Legend: Alleged Explosives Factory and Unidentified Military Installations in Slavcin-Mladetice (N 49-05, E 17-35)
(See page 3)

1. Bunker: Oblong-shaped cement structure, approximately 14 m. above ground, 15 x 6 m. [redacted]
2. Unidentified building: One two-story brick building, approximately 60 m. long, [redacted] due to fact that the building was in a wooded area. [redacted] more buildings were located in the wooded area. [redacted] only a sign "DETONA" over the entrance of the establishment and unidentified guards checking passes of those entering at the gate. Some guards [redacted] accompanied by dogs were seen patrolling the fence area.
3. Fence: The "DETONA" area was surrounded by a mesh wire fence, approximately two meters high, with four strands of barbed wire over the top. The fence along the highway was about 60 m. long, and both sides of the fence continued into the wooded area.
4. Unidentified barracks: Four wooden barracks, 30 x 8 m., with tar-papered roofs. While travelling on the highway [redacted] some soldiers walking, individually, from the barrack area toward "DETONA". [redacted]
5. Unidentified military installation: Four or five three-story brick buildings, painted dark green, 40 x 25 m., located on a hillside. The entire area covered about 300 x 100 m. and was surrounded by a mesh wire fence. [redacted]

25X1

Legend: Alleged Explosives Factory, Uhersky Brod (See page 5)

1. The alleged explosives factory consisted of about five three-story light brown stucco buildings, 12 x 8 m., with red tile roofs.

25X1

2. The entire area of about 350 x 200 m. was surrounded by a mesh wire fence, approximately three meters high, topped by two wires resting on porcelain insulators. Every 10 m. there were lights installed which illuminated the yard. Every 50 m. there were wooden watchtowers, approximately four meters high. Each tower was occupied by a guard.

25X1

25X1

25X1

3. In the yard there were about four wooden sheds, 10 x 5 m., with tar paper roofs, partly underground, with about two meters above the ground.
4. An area near the wooden sheds was dug up and building material was stacked nearby.
